

ALTERNATE RANGE CRITERIA 413

Established 12/2/99

Experience gained outside State service may be credited only if the appointing power believes the experience was satisfactory and comparable in type and quality to that of a Fish and Wildlife Technician.

Range A. This range will apply to those individuals who do not meet the criteria for Range B.

Range B. This range:

1. Shall apply to persons who have satisfactorily completed the equivalent of two years of Fish and Wildlife Technician, Range A, experience.
2. May apply to persons who have the equivalent of two years of satisfactory experience outside of State service performing duties comparable to those of a Fish and Wildlife Technician, Range A, or two years of experience in fish hatchery work.

(Sixty semester units of college with courses in biological sciences, fisheries management, or a related field may be substituted for one year of experience.)

Typical examples of the settings of experience used in meeting the criteria are: State service; the Federal Government; other State and local government entities; special districts such as parks, forestry, or fish and wildlife performing construction and maintenance work on habitat development projects; and private industry entities which provide work experience comparable to that of a Fish and Wildlife Technician. Experience in different settings may be combined toward meeting the criteria.

When the requirements for a particular criteria are met and upon recommendation of the appointing power, the employee shall receive a rate under the provisions of DPA Rule 599.676.
